It was you from the start
You're the one, you're the one
No one else could take my heart
You're the one , you're the one
It was you

It was you

In my heart, I feel it
In my soul, I can't believe it
In my dreams, I know we'll never be apart

Every word you say
Makes me smile and come your way
All the things you do
I'm so in love with you

It was you from the start
You're the one, you're the one
No one else could take my heart
You're the one, you're the one
It was you

In my life, I need you
Need you close, I wanna feel you
Now I know, I know we'll never be apart

Every word you say
Makes me smile and come your way
All the things you do
I'm so in love with you

It was you from the start
You're the one, you're the one
No one else could take my heart
You're the one, you're the one
It was you
