Well I'm on my way

I'm too good to be by myself again

Well I'm on my way

I'm too good to fly by the seat of my..

Well I'm on my way

I'm too good to be all alone

Walking through the palace

I'm twisted through the malice

I'm searching for the door

but there's no door around

She is looking scary

I think I'll start to swim now

in the tears I lost

before the day that she died

As I'm getting older

I think I move much slower

Reaching for my friend

but there's no friend around

I warned you

You make me hide

I warned you

I can feel you
but you can't feel me
and I will tear down
all the strings
you have on me
cause time
it goes by
like the leaves that blow
and tides they carry
all the fears I have inside
Well I'm on my way
I'm too good to be by myself again
Well I'm on my way
I'm too good to fly by the seat of my..
Well I'm on my way
I'm too good to be all alone
Walking through the palace
I'm twisted through the malice
I'm searching for the door
but there's no door around
She is looking scary
I think I'll start to swim now
in the tears I lost
before the day that she died
As I'm getting older

I think I move much slower
Looking for my friend
but there's no friend around
I warned you
You make me hide
I told you
You, you
you make it, make it
And I don't wanna
take it, take it You, you
you make it, make it
over and over and
