"Regret"

It's not "play another game"
Cause we're born in a ruthless world
Who can explain a reason why?
You're thinking that is what deserves
This setting we can justify
Who needs the mercy come and try
Don't care how you feel
Just don't wanna let you down
I can feel my heart cry

No way to escape it,
No time for set-back,
No tears to fall down,
No fears can stop me from this fight.

And heaven only knows
Am I a fool?
Some battles fade and go,
But the winner takes it all.
'Till all is said and done,
Nobody knows.
The winner takes it all.

Could be... could be...
Could be... could be...

No way of standing face to face,
That's something we can only learn,
Another stable future waiting...

From this fight...

No way to escape it,
No time for set-back,
No tears to fall down,
No fears can stop me from this fight.

And heaven only knows,
Am I a fool?
Some battles fade and go,
But the winner takes it all.
'Till all is said and done,

Nobody knows.
The winner takes it all.
