You bring the silence,
To my world in a stay.
Can we find a better way?
So many miles,
And you were drivin' me away.
As there nothing you can say to make me stay?
Inside my brain.

I don't wanna live with you,
How can I explain to you,
I want to be together alone.

Tell me what I want to here,
I don't want stupid (?) but I'm right,
The more we are together alone.

This is torture,
And you don't know that I'm in pain.
How did you get to be so vain?
And somewhere out there,
There's a place that we could meet,
And I don't know if I'll make it there today,
Cause I'm afraid.

I don't wanna live with you,
How can I explain to you,
I want to be together alone.

Tell me what I want to here,
I don't want stupid (?) but I'm right,
The more we are together alone.

This is torture...
Fallin' over.

I don't wanna live with you,
How can I explain to you,
I want to be together alone.

Tell me what I want to here,
I don't want stupid (?) but I'm right,
The more we are together alone.
