So now your not there  
But your ghost  
Still burns in the air

I've had enough  
Lead above us the way  
I have come  
To take you away

And with this song  
I'll say goodbye  
And thank you for  
What you've done to my life

If I know the  
I'll sing it with love

I'll hope you'll be missed  
In the stars above

And I don't understand  
What you would die for  
We still could have given  
So much more

And I know you were something I could never be  
I know you're still there watching over me  
Now, now, now
