Your heart is broken; Your dreams are crushed
The joy has left your heart in a rush
Your mind is reeling; Your body's numb
Where did this feeling of fear come from

This thing has taken you by surprise
Well, I can tell by the look in your eyes
You start to wonder where can I go
Well, I'm your brother and I want you to know

I will fight for you; I will fight for you
I'll get down on my knees
And ask the Savior please to make it right for you
I will fight for you

Barely surviving, just holding on
Sometime you think that your hope is gone
Well, don't you listen to Satan's lies
I know the Lord and I'm on your side

(Chorus)

Don't ever think you're alone
'Cause He will always be there
He'll put your name in my mind
And you will be in my prayer

(Chorus)
