Lift me up

Lift me up

Kiss me back on ground
Kiss me back on ground

Kiss me back on ground
Kiss me back on ground

All you people out there
You ready to get crunk?
Then get crunk to this
Turn the lights down, turrn the lights down
Pump the system up, and leave everything behind
And follow me

Lift me up

Kiss me back on ground
Kiss me back on ground

Lift me up

Kiss me back on ground
Kiss me back on ground
