Some one save us... Speak reggae tongues, because  
you're the one  
Sweet charmer, heart warmer, come a little longer  
Don't make me wonder about a silence let's hide it  
Make me close my eyelids walked the line and I've  
decided  
For this ride of my life yea we could make it right  
Turn our backs to the sun we could be number one  
No more broken hearts and fallen dreams  
Let's make it real and sow the seams  
A brand new start have faith in me  
Your more beautiful then anything

Dear Ava can't you hear me calling out your name?  
Oh, when I used to speak  
Dear Ava I like your blue jeans and that tattoo right just  
beneath  
Oh, when I used to see  
Old friends came home but I'm not coming out  
Cause I don't think it's fair how you're all the way over  
there  
But who am I to care? So...  
Remembering your face, God it hasn't changed  
Things are still the same A different time a different  
day  
Say just take me away so...

See everyday it's like fighting myself  
Everything I ever knew can't compare to how I felt  
Watching people grow into who they're gonna be so  
Ava I'll stare at you helplessly  
So... after all what's left to do?  
No where to be but be with you  
No more broken hearts and fallen dreams  
Let's make it real and sow the seams  
A brand new start have faith in me  
Your more beautiful then anything

Dear Ava can't you hear me calling out your name?  
Oh, when I used to speak  
Dear Ava I like your blue jeans and that tattoo right just  
beneath

Oh, when I used to see  
Old friends came home but I'm not coming out  
Cause I don't think it's fair how you're all the way over  
there  
But who am I to care? So...  
Remembering your face, God it hasn't changed  
Things are still the same A different time a different  
day  
Say just take me away so... Ava

I'm bleeding for you tonight...
