No will to live, Dream, defy  
Loathsome husk  
Of what I thought I knew - shadow  
A shell

Churned with dread - abject beast  
Expunged, thrown

From Moloch passed down - spurious  
Into a tomb of existence - delirious

Aching out for you  
Always, always  
Always been another  
Slowly climb  
Cycle into the spiral  
From despair into mania  
The end you'll never

I've achieved that high  
Feeding the beasts of time  
See through darkness shine

I'm boiling inside of you  
With all my strength I struck  
And felt the blow  
Craving for life  
Surging scheming

From birth until your death  
Moloch turns fertile futile

Far too close to your contempt  
Passed down, grotesque  
What you hid so well

Legacy of the absent God  
Founder abandoned  
To the medium you'll grow

To kill for you

Always been - always been another  
Part of you  
Fantasy that you don't know  
Reckless, reckless  
Reckless

Find the answer to these prayers  
Learn in the fire  
Realising what was said  
Edges me further  
Moving on from where you failed  
When you should have died
