It's On Again

thanks to Asia Augustine for submitting the lyrics

Verse1:

The places brings back memories
As I walk by quiet streams
The caress of a wind blowing over me
Brings a chill to my skin
The whispers that go through the trees
And a hush comes over me
No way to fight the rush
Can't escape how we touch

Bridge:

As the cherry blossoms slowly start
To remind the love we made
I can feel you in my arms
Gotta run to you

Chorus:

I keep having these visions of you
Breaking me off like a lover should do
Remember the love that we made in the rain
Then it's on again
Video plays all over my body
I hope sex is written all over your mind
The catches may change but the secret's the same
And it's on again

Verse2:

The secret place you touched me in
Are so unforgettable
Ain't no way I can ease all the visions of you
Our love's so unbelievable
You touched me softly, deeply
Like a woman needs
All I want, all I breathe

Even though I am...
(Bridge) (hook)

Verse3:

Walking through quiet places
Brings back memories of the love we shared
(Remember that time by the waterfall)
Lost in those faded pictures(faded pictures)
Sexy whispers and then I know it's on again..
I Know it's on again...
(Hook)
