Hi my name is insecurity and I'm here to push you  
around  
I listen to no one, only myself and it's my job to keep  
others down.  
I don't know when to stop, I hurt my friends and  
everything is o.k  
You're always right and never wrong!  
Don't believe me? No way!

Because things have changed we've had enough we  
won't take it anymore  
We're the strong, we're the angry and we're here to  
settle the score

Well excuse me insecurity but I'm tired of all your shit.  
You think you're the coolest, I can't talk well I'm sick of  
it.  
We're here for you all the time and you don't even care.  
Treat me like shit far too long and I don't think it's fair.

Because things have changed we've had enough we  
won't take it anymore  
We're the strong, we're the angry and we're here to  
settle the score
