Just another friday night
In the club on lady's night
Nothing really looking hot
'bout to bounce to another spot
She appeared across the bar
Such a bad ass superstar
Body like a race car
Can we share a drink it's on me
Pour a drink for my shorty right here
Throw it down
Give me the next dance
Cause I need me some Ghetto Romance
Tell your girls that you're rolling with me
In a Bentley
And you had a change of plans
Cause you need you some Ghetto Romance
Sippin' Mo and Alize'
Tongue kissing, thinking 'bout the love we can make
Gotta get her home
Gotta make her moan
Gotta think of all the right words to say
Incredible so incredible
Break you down make you purr like an animal
You make me wanna lay you on the bar
And give you this love.
You're so sexy
It's killing me
Every little move you make
The way you make you shake
The way you back into me
You're so lovely
The way you dance with me
Let's go back to the bar
And sip on something nice before we leave.
Pour a drink for my shorty right here
Throw it down
Give me the next dance
Cause I need me some Ghetto Romance
Tell your girls that you're rolling with me
In a Bentley
And you had a change of plans

Cause you need you some Ghetto Romance
Pour a drink for my shorty right here
Throw it down
Give me the next dance
Cause I need me some Ghetto Romance
You're so sexy
It's killing me
Every little move you make
The way you make you shake
The way you back into me
You're so lovely
The way you dance with me
Let's go back to the bar
And sip on something nice before we leave.
Pour a drink for my shorty right here
Throw it down
Give me the next dance
Cause I need me some Ghetto Romance
Tell your girls that you're rolling with me
In a Bentley
And you had a change of plans
Cause you need you some Ghetto Romance
Pour a drink for my shorty right here
Throw it down
Give me the next dance
Cause I need me some Ghetto Romance
Tell your girls that you're rolling with me
In a Bentley
And you had a change of plans
Cause you need you some Ghetto Romance
Pour a drink for my shorty right here

And you had a change of plans
Cause you need you some Ghetto Romance
Pour a drink for my shorty right here

Cause I need me some Ghetto Romance
Tell your girls that you're rolling with me
