Don't even wanna think about it
How this life would be
If you weren't with me
'Cause I could never do without it
The security that you're giving me
Though there are people
That will always doubt us
(Always doubt)
Those are the people
That have never seen love
(Never seen)
And with their petty jealousy
Trying to end you and me
I'd like to tell them to live
Their own lives
So what if I trust?
(What if I trust?)
I don't care)
'Cause that's just how I feel
(Just how I feel)
It's all about love
(All about love)
Long as you are for real
(You are for real)
It's never too much
(Never too much)
Not too much to reveal
So what if I?
(What if I?)
So what if I?
(What if I?)
If I'm in love

I'll never fear the competition
'Cause you promised me
That we'll always be
'Cause I made loving you
My mission
Anything you need's a possibility
I'll never feel the doubt or pain
(Oh no)

You'll never be alone again
(Alone again)
And all the souls that try in vain
Couldn't tear you away
And so I tell them to live
Their own lives

So what if I trust?
(What if I trust?)
'Cause that's just how I feel
It's all about love
(All about love)
Long as you are for real
It's never too much
(Oh, oh, it's never too much)
Not too much to reveal
So what if I?
(What if I?)

So what if I?
(What if I?)
If I'm in love

I know
You can see
Where I want to be baby
In your life till the day
I breathe no more, no more
I will always be happy
Long as your love covers me
Never doubt me girl be sure
And my loving will endure

So what if I trust?
(Oh, oh yeah
What if I trust)
'Cause that's just how I feel
It's all about love
(See it's all about this love)
Long as you are for real
It's never too much
(Never too much to love)
Not too much to reveal
So what if I?
(What if I?)
So what if I?
(What if I?)
If I'm in love

So what if I trust?
(What if I trust?)

'Cause that's just how I feel
It's all about love
(All about this love)
Long as you are for real
(Yeah, yeah, yeah)
It's never too much
(Said it's all about your touch)
Not too much to reveal
So what if I?
(So what if I?)
So what if I?
(What if I?)
If I'm in love
(In love,
So in love)

So what if I trust?
(What if I trust?
Ooh yeah)
'Cause that's just how I feel
(It feels so)
It's all about love
(All about love
Ooh yeah)
Long as you are for real
It's never too much
(Said it won't ever be too much)
Not too much to reveal
(Yeah, yeah, yeah)
So what if I?
(What if I?)
So what if I?
(What if I?)
If I'm in love
