I'm sorry - but here i go again. talking shit about the ones that are supposed to be my friedns. and i'm spreading the rumors that i've heard. still nothing hurts me more than those cutting words. so i've got to ask - are you fucking entertained? yeah, i've got to ask are you entertained? spreading your lies just to keep me entertained. just don't care that your words can infilct pain. who am i to fucking criticize. next time maybe i will be the victim of those lies. are you entertained - look who's talking now!
