[Celtic Frost Cover]

See the portal
Gates to madness
Locked forever in a veil of shame

Deny extraction
Thirst for disgrace
Watch his breaking
The Emperor's killed
Light of the day
Shadows from beyond
Scaffold of steel
The throne has gone

Dethroned Emperor

The foot of the stairs
Dimension in might
The king sits
His eyes are glass
Growing of the small
The laughters fall
Can you deny
Remaining cries

Descent of the lords
Into the trap
Existance and hate
Unseen gate
