Obsessed by your words whilst oppressing my  
thoughts  
Recessive minds cry depressing his life  
Ignorance binds my hate the way he tries to dictate  
His buttered tongue denies expendable despised  
Disregard his thought contemplating your world  
Those words of wisdom which you always contradict  
The deformation you speak all inner self u defeat  
We don't believe a word u say your full of shit!

Angers displayed (my hate) search in the mind  
To tell the truth that u find  
Feelings betrayed (your fate) probing for pain  
Cannot be obtained  
Opinion depraved (your law) time to decide into who's  
self u  
Will hide  
Respect broken (my war) thoughts that u fight to  
Tell the truth that you spite  
(your obsessed)

Groan

Spawn from lies all truth as your demise  
Is the mindless drive in his act  
From society breed depravity systematic extinction of  
the  
Fact  
Contemptuous mind enlightened by his kind  
Resurrect the words of which you repeat  
Harvester will blind your toxic blackened mind  
Destroyed n' immolated seed of hate  
Regressing thru time (you cry)  
Cloud cover grey heart burned from new light of day  
Now all progression is blind (your life)  
Seasoned lies freed unleash the tangible breed  
Until the reasons u find (I've tried)  
Meaningless grind strangles the growth in your mind  
(in tears you picture the days)  
Ask why we lust the peace now that your bullshit has  
Ceased  
Sweet justice!!!

Take my blood  
My life  
My love  
My insecurity  
Way my thoughts  
My words  
And dreams  
My fucking liberties  
Read my scars  
My hurt  
My cries  
The bleeding fears inside  
Blind my screams  
My hate my eyes  
Ignore the reasons why

Caged grind mental torture turning pain  
Hard truth all words progress to gain  
Heart strings torn ego matter slain be  
Set free from me  
Locked mind thrive from those that you deceive  
Lost youth life beyond reprieve

Forged pain behind can't be retrieved  
You days n' years hide  
Guilty cheers have died
