I said shoot you grab the yay, grab the vest, grab the
keys and the gun

Half a brick of yay

My chrome at the stop light

Two fifths the blue fifth the laser scope on sight

Who do you know that's hot as us

Cookin a kil of connetica

Now dust off your homie you know a guy dat owe me
Slang new wave they call the Wave Gang

Ya bang bang

Homie you don't even come thru no more

Talk about your busy mane you can't pick up the phone

Now you cause a bloody war

Bring the artillery, heard?

Hey in da club you talk so loud but

When you see me in da streets you know I'm yellin Stop
