Said, she's born to be wild and she can't be tamed  
And all she wants in life is fortune and fame  
So she keeps on moving, moving right along  
Even though she knows deep down inside  
She knows something is wrong

Well, they no idle jubee dem couldn't cotch pon my  
pillow  
Weh a love man for Nike and a love man for Fila  
Dat's, dat's not the ways of anciento war gorilla  
Me rather den to save all my sarsaparilla

Then on a lonesome breezy Sunday morning  
This maiden came to town, me have to blick a sound  
How she so cute and plus so sexy and so round  
Sunlight catch her skin and Lord it good from head to  
ground

Next candidate me see who fit fi wear mi crown  
And such tender smiles amaze me  
The way that she looks Sunday night  
She should be having my baby, my baby

The pleasure was all mine  
Like yesterday news it's only for a time  
Always on the go because she live a life, ah, crime  
She don't want no man fi mind it  
Di Muffin say dat he couldn't believe I was living so  
blindly

Said, she's born to be wild and she can't be tamed  
And all she wants in life is fortune and fame  
So she keeps on moving, moving right along  
Even though she knows deep down inside  
She knows something is wrong

Well, no shandy, strictly imported tequila  
Vintage brandy, skunk sensemilia  
Rubies and roses, diamond collar  
Never check me for a money, nor a penny, nor a dollar

She can't go to London without visa

Me can't build me spliff dem without rizzla  
Dem say, "Look out the door and you know di weather"  
Me start put two and two together

First class flights and she drinks the most expensive  
wines  
When she can't maintain her lifestyle upon minimum  
wages  
She needs the coil  
And just like a stubborn mule, I would tell you that is all  
she's worth

Well, tha smuggling and trafficking  
Of illegal substances is her line of work

Me say a good woman ration  
Most of di gyal dem get so caught up inna fashion  
Love vanity, dem seem dem love it with a passion  
Start to used dem body for some dirty profession  
Seem like dem need spiritual supervision

Ital craft and a ital vision  
Righteous path and a righteous decision  
Instead of the materialistic religion  
Else there's gonna be a crash course and collision

Said, she's born to be wild and she can't be tamed  
And all she wants in life is fortune and fame  
So she keeps on moving, moving right along  
Even though she knows deep down inside  
She knows something was wrong

Well, then it's all history  
Me go up on a ends fi chack a one jubilee  
Di way she rub me down and makin' me feel so nice  
Me say haffi left and go ah studio go voice

Ariana, please stay home tonight  
Ariana, please don't take that flight

Smuggling di drugs weh dem supply to di poor  
Destruction of my people, well, then she's got to go  
Tell her nah fi mix up inna those drugs before

She said she want fi go up on a smuggling tour  
She missing gangsta parcel, dem say her skull fi bore  
She don't have all di dollars, weh fi ever the score  
But she wanna run her own drug store

Well, she said she's born to be wild and she can't be  
tamed

And all she wants in life is fortune and fame  
So she keeps on moving, moving right along  
Even though she knows deep down inside  
She knows something was wrong

She's born to be wild and she can't be tamed  
And all she wants in life is fortune and fame  
So she keeps on moving, moving right along  
Even though she knows deep down inside  
She knows something was wrong
