Want to commit suicide  
'Cause you've been denied of your 9 to 5  
You're in 2 deep  
And you're over 10  
And watch CNN and believe everything  
You're in 2 deep

And your 35 and you still survive  
Idle 'pon corner side  
You're in 2 deep  
And your 55 and don't have a child  
For your joy and your pride  
You're in 2 deep

And yuh riding a freak  
And she love how you do it and your condom deplete  
You're in 2 deep  
And she seh, "Baby please"  
And you're weak in the knees and kick off and release  
You're in 2 deep

Then you hear from the streets  
Seh she full of disease and you start to sneeze  
You're in 2 deep  
All months and fi weeks  
All food yuh nuh eat and you weight start decrease  
You're in 2 deep

So don't be in 2 deep  
For you wi' incomplete  
When you drop in the streets  
You wi' drop in 2 deep

And don't be in 2 deep  
For you wi' incomplete  
When you drop in the streets  
You wi' drop in 2 deep

You a war against the beast  
And when things fi squeeze, that's when you-a freeze  
You're in 2 deep  
And you one a bleach

And you drop asleep and machine a beat  
You're in 2 deep

You exult and hype  
Like you fling Dandimite and nuh live gangster life  
You're in 2 deep  
And a run off you beak  
And your thing go breach and bad man go see it  
You're in 2 deep

Then if a one police  
Find you with yuh piece and you start to squeal  
You're in 2 deep  
And you get release  
Man a circle you neat and you think it nuh real  
You're in 2 deep

Then true things go sleep  
You go decide to sneak some coke in your crease  
It's in 2 deep  
And go overseas  
And same time you reach, dog sniff out you crease  
He's in 2 deep

So don't be in 2 deep  
For you wi' incomplete  
When you drop in the streets  
You wi' drop in 2 deep

And don't be in 2 deep  
Your mama incomplete  
When you drop in the streets  
You wi' drop in 2 deep

You a brag 'bout your wealth  
And speak of yourself, like you're someone else  
You're in 2 deep  
When you just start to grow  
But you think you a pro, 'cause you see it inna show  
You're in 2 deep

Think you know everything  
And worship the bling and deny the King  
You're in 2 deep  
Mesmerized by the beat  
CD on repeat, memorizing my speech  
You're in 2 deep

So don't be in 2 deep  
For you wi' incomplete  
When you drop in the streets

You wi' drop in 2 deep

And don't be in 2 deep  
Your papa incomplete  
When you drop in the streets  
You wi' drop in 2 deep

Want to commit suicide  
'Cause you've been denied of your 9 to 5  
You're in 2 deep

You're in 2 deep

In 2 deep  
Incomplete  
In the streets  
In 2 deep

In 2 deep  
Incomplete  
In the streets  
In 2 deep
