Treat the people right you stand out predominant
Loving don't cost not a farthing neither a cent
But should you spend the money that a money well

Anyway, bigging up JAH JAH, blowing breath like a vent
Listen to the girls dem with angelic talent
Chant Nyahbinghi, burning up the serpent
Please we teach the youths them LOVING not violence
And from you naw say LOVING we beg you keep silent
I say LOVING LOVING not violence
And from you naw say LOVING me beg you keep, Lord

The wonders they don't seem to amaze me
