So much trouble in the world now (repeat)
Bless my eyes this morning
JAH sun is on the rise once again
The way earthly things are going
Anything can happen

You see men sailing on their ego trips
Blast off on their spaceships
Million miles from reality
No care for you, no care for me
So much trouble in the world now (repeat)
All you've got to do is give a little
Give a little, give a little
One more time ye-a-h! ye-ah!

So you think you have found the solution
But it's just another illusion
So before you check out your tide
Don't leave another cornerstone standing there behind
We have got to face the day, ooh we come what may
We the street people talking, we the people struggling

So much trouble, so much violence, nah say lovin
better you keep silent
So much trouble, so much violence, nah say lovin
better you keep silent
Got to face the day no matter di consequence
Ain't no gettin better, ain't no improvement
Everywhere you go, that's another problem
Work everyday until you cyaan find a cent
Landlord a own cause you don't pay no rent
No mother, no father, you're a lone parent and
Everyone all around has such a bad temperament
Change round you feet but you cyaan free you self.
