She wont fall for the money
She talks about all the time
She wont dance with the dogs
The wolves are more in time
What's with the coloured lantern?
The Forrest is all she knows
What if darkness deceives her?
Can't see at all

Sister the dark, sister the dark
So what if there's angels in darkness
She lives she breathes she hurts yeah
So what if there's angels in darkness
She lives, she breathes she hurts yeah

I fell from an old oak tree
And I landed hard hurt and slow
Eyelids closed open eyes
And I see absolutely nothing
When she dances, fires alive

Sister the dark, sister the dark
So what if there's angels in darkness
She lives she breathes she hurts yeah
So what if there's angels in darkness
She lives, she breathes she hurts yeah
She wont fall down
No she wont

Battling and it's hard to see,
living in misery, battling and it's hard to see
Battling and it's hard to see,
living in misery, battling and it's hard to see
It's in her eye
On her Skin
It's in her smile
In her love
It's in her eyes, on her skin
It's in her smile, it's in her blood
Yeah.

So what if there's angels in darkness

She lives she breathes she hurts yeah
So what if there's angels in darkness
She lives, she breathes she hurts yeah
She wont fall down
