I drive I get in my car and I go
Oh oh, now I'm on the freeway

Some people tell me I should slow down
But everytime I try I just lose it
Feels like I'm in a movie with no sound
Just music

Roll the dice if you don't mind to
Wait around and see
But waitin around just aint like me

So I drive, get in my car, fast as I can
And I aint stopping for the red lights
I know what I want, I know who I am
And if I want it I get it so don't forget it

You take your time, I take what's mine
You make your mind, I make my life
And now I drive as fast as I want
And I never slow down

Tryna keep my head but I don't know
If there's a drug that's worse than fame
Addicted to the lights and the big show
Got me livin in the fast lane

So many places that I've gone I never even see
Through the windows of my technicolor dream

So I drive, get in my car, fast as I can
And I aint stopping for the red lights
I know what I want, you know who I am
And if I said it or did it I don't regret it

You take your time, I take what's mine
You make your mind, I make my life
And now I drive as fast as I want
And I never slow down

I do it for the love, I do it for the ladies
They love this in the club cause my beats is just so 80's

Japanese girls say that they wanna have my babies
And haters getting mad cause radio finally play me

I just do it for the lights, I just do it for the crowd
I just do it for the noise, when I do I do it loud
Do it till you get enough, till you say you had to much
I aint never gonna stop, I aint never slowing down when
I drive

I drive I get in my car and I go
Oh oh, now I'm on the freeway
I don't care if you tell me to stop
Cause I never listen anyway
