Girl I try everything I know to forget your face
Now I swear that it almost works until I hear somebody
say your name
Now every memory of you comes flooding back to me
like
I'm starring at your photograph
The only thing I wanna do is go back to you and me
how we used to be now
If I never grow old I will never feel this way again
Here with you lying in the sun, sun, sun

It's been so long, so long since I've seen your face
In my mind your picture starts to face till I hear
somebody say your name
Every memory of you comes flooding back to me like
I'm starring at your photograph
The only thing I wanna do is go back to you and me
how we used to be now
If I'll never grow old I will never feel this way again
Here with you lying in the sun, sun, sun

Cause what I held in my hands today will never come
again
Here with you lying in the sun
Baby know, baby know you go on, I will remember you
Baby know even though you're gone I will remember
Baby know even though you're gone out, I will
remember you
Baby know even though you're gone out, I will
remember you
Baby know even though you're gone out, I will
remember you
Baby know even though you're gone out, I will
remember you
If I'll never grow old, I will remember you
I will never feel this way again, I will remember you
If I'll never grow old, I will remember you
I will never feel this way again, again
With you lying in the sun.
