"Think About Love"

Iâ'm all alone
nobody knows the loneliness that Iâ've seen
And I might try to tell you
but youâ'd just look at me like I was crazy

Maybe I am

Goin crazy goin out of my mind
and I been thinkin bout you baby like all of the time
I wish I didnt think about love

But itâ's all I think about and now I think Iâ've had
about enough

Tell me why I fall apart when i think about love
Tell me why I fall apart when I think about you

I wish I didnâ't think about love
