Here we are,  
Shooting stars,  
Renting time in someone else's space

So unsure  
Afraid to fall  
I'm standing here  
A little scared  
But I don't care

'Cos this kind of moment, is only on loan and  
I wanna remember the look in your eyes  
When it's all over I want you to know that I was with you  
when I

Had the night of my life(X2)

So don't let go  
You never know  
Maybe your whole life's about to change

So let's hold on  
Until it's gone  
Nothing's made to last forever  
Who knows whether

This kind of moment is only on loan and

Sometimes you don't know until it passes you by  
And when it's all over I want you to know that I was with  
you when I  
Had the night of my life

Maybe this whole thing comes right down to faith,  
And every choice that we think that we make  
Has put us right here together

today(X3)

'Cause this kind of moment  
Is only on loan and,  
It won't be too long till it leaves us behind

And when it's all over I want you to know that I was with  
you when I  
Had the night of my life,  
The night of my life,  
The night of my life
