Well, it didn't take you long.
Did it, babe?
To learn to sing my song
and get yourself laid.
No, It didn't take you long.
Did it, babe?
The moment I was gone

whose dick you could crave.

Ok, I'm sorry.
I'm just a little angry with you.
'Cause it dug like a quarry
when you were angry with me.
And maybe it's not right?
Yeah, but hell with it!
I'm angry with you.
Is there not enough light?
Or do you just not see?
What you do
is what you hated in me?
Though I was never free enough to.

It was about five years ago. It's amazing how you hold
