Well there's a moon shining bright  
Little partner, let's light a fire tonight  
Rob a bank, steal a mule  
Little partner, we'll be nobody's fool  
And we'll run like heroes run  
Yeah we'll run when the mornin' comes

Many men on our tail  
Little partner, run 'fore we go to jail  
And if they catch you, have no doubt  
Little partner, I'll come and break you out

And we'll run like heroes run  
Yeah we'll run when the mornin' comes  
Oh we'll run with the mornin' sun  
Yeah we'll run like heroes run

(whistling)

Many moons have gone by  
Little partner, sometimes I wonder why  
People turn and betray  
Little partner, someday I'll come your way

And we'll run like heroes run  
Yeah we'll run when the mornin' comes  
Yeah we'll run with the mornin' sun  
Yeah we'll run like heroes run

Like heroes run, like heroes run, like heroes run, like  
heroes...
