Huge eyes
Know I'm missing
So I close mine
When I'm kissing
Lollipop, licking
With Lola
Sticking like toffee to my teeth
Wait, watch, gravitate
Grab hold of, insulate
Wait, watch, it's too late
It's over now
(All the way)

I've got so much beauty around me I can't move
I've got so much beauty around me I can't loose
I've got so much beauty around me I can't choose
I've got so much beauty around me, around you

Toffee pop
So sticky
In the heat
Lola gets angry
Over meat
And who did I (who did I)
Who did I (who did I)

Push out
And who did I (who did I)
Who did I (who did I)
Hear shout

Wait, watch, gravitate
Grab hold of, insulate
Wait, watch, it's too late
It's over now
(All the way)

I've got so much beauty around me I can't move
I've got so much beauty around me I can't loose
I've got so much beauty around me I can't choose
I've got so much beauty around me, around you
