At this point in my life after all we've been through
i cant see myself living without you
for you can jus walk away without having anything to
say
it breaks my heart i cant make it through the day
if you ever really loved and everything you said is true
i need you to show me
i need you

chorus:

if ever (if ever i needed)
i needed (if ever i needed)
you surely i do need you now (surely i need you now)
if ever (if ever i needed)
i needed (if ever i needed)
you surely i do need you now (surely i do need you
now)

jus like i need the air to breathe
jus like the birds need the trees
i need you here to say youll never leave
jus like the day needs the night
i need you as my guiding light
your all i need in my life
cause with you i can do anything
yes anything with you
i really need you
i need you

(chorus) x2

if ever i needed you
if ever i needed you
sure do need you now
if ever i needed you
if ever i needed you
sure do need you now (repeat til fade)
