Let me tell you a story
And no, I'm not gonna lie
I've been down and out
But now I'm back up again

When I open my heart
You need to comfort me
Relieve me with my misery
Good days, bad days, they just come and go, ooh-yeah
Little by little, step by step
Day by day, I'm gonna make it there
with my heart on the sleeve

Don't be ashamed, no
Because you know that your feelings are real
You wear your heart on the sleeve

I admit it
I still sometimes miss you, babe
and just want to get rid of this hate
Oh, can't you see
how it's killing me?

When I open my heart
You need to comfort me
Relieve me from my misery
Good days, bad days, they just come and go, ooh-yeah
Little by little, step by step
Day by day I'm gonna make it there
with my heart on the sleeve

Don't be ashamed, no
Because you know that your feelings are real
You wear your heart on the sleeve

(...)

Little by little, step by step
Day by day, I'm gonna make it there
with my heart on the sleeve...
