(lyrics: Varien)  
Purple heaven  
In a blaze of darkness  
Creator of destiny  
He was father to me  
My obscurations - please hear me lord  
Obscure magical flame's burning  
Effigy of ignorance is vanishing  
The other gods, the other side...  
Rapture...  
Infestation of sacrificials to Inferno  
Shadows of blood appear...  
Worship in black  
Scorned sanctities  
Lost conscience  
Dominion of conquerors  
(repeat verse)  
(repeat chorus)  
lead: LES  
lead: BART
