Well stop encroaching &
Give it on a motion to me
Cause night has fallen & I am feeling so wild & free
Drink up, the Ramones are blaring
Right here without a care in the world
October so pass it on over to me
I feel all right, well all right
No limits baby
It's do or die &
We're in for a hell of a ride
Getting evil tonight
Hey, go come on X2
So have a ripping time
Cause when you leave this place
We may never see your face again
Never see you again
So stop encroaching &
Give it on a motion to me
Cause night has fallen & I am feeling so wild & free
Drink up, the Dead Boys are blaring
Over 60 beers that we're sharing
It's October so pass it on over to me
I feel all right, well all right!
No limits baby
It's do or die &
We're in for a hell of a ride
Getting evil tonight
Surf it right!
One more time
I feel all right, well all right!
No limits baby
It's do or die &
We're in for a hell of a ride
Getting Evil tonight
