It's not profound to say fuck you X2
To the ones that are out to get you X2
It's not profound to say fuck off
To the ones against you X2
Are we listening fuck you X3
To the swine that puts us out
To raping us for cash
It's not profound to scream fuck you X2
To the ones that would lie to take you
Fuck you
It's not profound to scream fuck off
Fuck off
Are we listening fuck you X3
To the swine that puts us out
To raping us for cash
Fuck you to the parking policeman
To the ones that hold us back
Phuckerman
Phuckerman
Fuck you & you X2
