I say hello don't think that i don't know you're listening  
to me

But please don't bother me,

Don't bother me

You bought this thing so i would sing about that awful  
nuclear thing

I hope won't bother me

Won't bother me

Your rolling stones and pop star clones don't even want  
to hear their moans

I say don't bother me

Don't bother me

Those men of steel i really feel are quite extremely  
unreal

I wish they'd all just fade away

So here am i under the sky can i ask you

Without a lie to please don't bother me

Don't bother me

I'm in a hole just like a mole

Don't give a toss,lady in her mink stole

Don't bother me

Don't bother me

The people change they rearrange but stay the same

It's awfully strange

But they don't bother me

Don't bother me

Until the day their troubles stray on to my patch

Like tony hatch's 'crossroads' theme

Please go away

Go away
