Stealing cars, lost in bars

Treating hired T.V's like superstars

I wanna come home at 3AM

I love my records alright and I'm gonna play em

(chorus)

Problem child, problem child,

We think you live much too wild

Problem child, problem child

When you get home your daddys gonna

Tan your hide

Gonna pose to my sister

Only need to be a teen dream hipster

Don't care about my dreams at school

Or my teacher, probabtion lady says

You ain't so cool

(chorus)

(2nd verse)

(chorus)

Problem child, problem child

When you get home

Your daddys gonna tan your hide
