(chorus)

13 with a problem(x3)

You're a stretcher acse baby  
Say you could kiss like a dream

Said your flesh was like peaches and cream

But while you're here, that don't mean a thing

Cause you're a stretcher case baby

(chorus)

It may be the floor

For the third year whore

But soon you'll be laid out

Not in ecstasy but

Its your autopsy

(chorus)

So i wouldn't pay

So whjy did you say i'll scream

You caught a brick in your face

And that's why you're a stretcher case baby

(chorus) (x2)
