Got a bottle of tequila and a front row seat
Just you, the Milky Way, and me
Got nowhere to go
And all night to get there

Got some Skynyrd and Strait on a burned CD
A blanket on the ground underneath the trees
And nowhere to go
And all night to get there

[Chorus:]

So, slow down, baby, let's see if we can make it last
Nights like these go by so fast
So, lay your head on my shoulder and put your hand in
mine
Show me you love me and take your time
Got nowhere to go
And all night to get there

There's a little bar rockin' 'cross the lake
But with that look in your eyes you couldn't drag me
away
Got nowhere to go
And all night to get there

[Chorus:]

So, slow down, baby, let's see if we can make it last
Nights like these go by so fast
So, lay your head on my shoulder and put your hand in
mine
Show me you love me and take your time
We got nowhere to go
And all night to get there
All night to get there

Got a bottle of tequila and a front row seat
Just you, the Milky Way, and me
Got nowhere to go
And all night to get there
All night to get there
