Standing on the dock and now
By the gasworks
Celebrate the ghost gone by
When the love hurts
And the medicine man here 24/7
You can get it fast in Armaggeddon
Everyone on the way to heaven So....

Call for prayer is come around here
In the morning
Wash our faces go to work
There is no warning
That it all gets better when life is straight
It's bigger than you the Welfare State
The wind keeps singing it's not too late For you
