There is something about you, about you  
Five months ago, I became brand new  
As we hold each others hands, I can tell  
We will last forever I know

Everything about you has me set, has me set  
For the rest of my entire life

And you...

You used to be, the soundtrack to my summer  
Now you're the soundtrack to my life  
You amaze me in every single way,  
This song goes out to you, and 2.8

I could lay here forever long, forever long  
We are perfect, nothing will go wrong

As we skate you fix your hair, you look so fine  
I'm so glad that you are mine

Everything about you has me set, has me set  
For the rest of my entire life

And you...

You used to be, the soundtrack to my summer  
Now you're the soundtrack to my life  
You amaze me in every single way,  
This song goes out to you, and 2.8

You used to be the soundtrack to my summer baby,  
But now you are my life

[CHORUS]
