[Verse 1:]

[Dan:]

She looked me in the eyes  
Saw another game  
But why am I freaked out  
Might have to fake my name  
Maybe this could be stronger, and stronger  
Now she's staring longer, and longer, stronger

[Girl:]

He looked me in my eyes  
Saw another game  
But why am I freaked out  
Might not tell him my name  
Maybe this could stronger, stronger  
Now he's staring longer, longer stronger

[Chorus:]

[Girl:]

Go on, rock this party  
That's the way we've got it  
Aaaah... Aaaah...

[Dan:] She said...

[Girl:]

Go on, rock this party  
That's the way we've got it  
Aaaah... Aaaah...

[Verse 2:]

[Dan:]

And then I took a chance  
Didn't fake my name  
And all I wanted to hear  
Is "let's begin the game"

Maybe this could be stronger, and stronger  
Now she's staring me longer, and longer, stronger

[Girl:]

And then I took a chance  
I said "Judy's my name"  
And all I wanted to hear  
Is "let's begin the game"  
Maybe this could be stronger, stronger  
Now he's staring longer, longer, stronger

[Chorus]

[Dan:] She said...

Judy's love line  
Judy's love line  
Judy's love line  
It's what I'm lining up for [x2]

[Chorus]

Judy's love line  
Judy's love line  
Judy's love line  
It's what I'm lining up for [x2]

Judy has got the best line  
Judy has got the best thing going on
