Lendo€|cheers, aha
Yo, Dan! It's your boy, Brasco
I report from the U.S. - Let's go

Pretty girl, pretty girl, no make up
If you seen her you would think she was made up
In the party with CÃ©roc, go to ace up
party to the sun goes down 'cause paid up
Homies, get your weight up
I got the baddest in my section, straight up
All different complexions but wait up
The one in that red dress got me so messed up

Era se munio de manga meri
Era se munio de manga meri
Camera venda de lunio vara
Tu y yo un beso me dejo marcado.

Lendo calendo una malida
Calendo peiciara un beso me dejo marcado.
Lendo calendo una malida
Calendo peiciara un beso me dejo marcado.

Moviendo sus caderas
La vi caminar
Un cuerpo como ninguna
No puedo olvidara
Yo le doy lo que le gusta
La pongo a temblar
Bailando en lo oscuro
Vamos volando

Era se munio de manga meri
Era se munio de manga meri
Camera venda de lunio vara
Tu y yo un beso me dejo marcado.

Lendo calendo una malida
Calendo peiciara un beso me dejo marcado.
Lendo calendo una malida
Calendo peiciara un beso, un beso

Pretty girl, pretty girl, no make up
If you seen her you would think she was made up
In the party with CÃ©roc of the ace up
Party to the sun goes down 'cause paid up
She start shaking, I'm pacing
She said, boy, come here, I'm not taking
Can't your take it if u waited baby
Boy, tell me do you got patience?

Sabes, sabes lo que quiero la noche entera,
la noche entera...
Sabes, sabes lo que quiero la noche entera
la noche entera...

Pretty girl, turn up, bad girl, turn up
Pretty girl, turn up, bad girl, turn up
turn up, turn up, turn up

Lendo calendo una malida
Calendo peiciara un beso me dejo marcado.
Lendo calendo una malida
Calendo peiciara un beso, un beso

(ad lib to end)
