Stay my love after all these years
Stay my love I can't hide my tears
All the time that I've spent alone
From the day you are gone

And I know that it might be strange
Anyway I will never change
I want you in my life again
Memories still remain

And if you stay
Yes, my love it's the only way
We could dance we could dream all night
I hold you so tight

For if you stay
Night and day I'll give you all my love
Just the need to be you and me
And let it be

But tomorrow is another day
Baby this time don't walk away
I imagine the girl like you
Making me oh so blue

Anyway I still realize
If you stay I won't miss your eyes
Is there anything I can say?
For I want you to stay

And if you stay
Yes, my love it's the only way
We could dance we could dream all night
I hold you so tight

For if you stay

Night and day I'll give you all my love
Just the need to be you and me
And let it be

For if you stay
Night and day I'll give you all my love
Just the need to be you and me
And let it be

Why don't you stay?
Oh stay!
Stay
