If I would lie awake in the streets
Just waiting for a car to hit me
Could I get your attention for just this time
For just tonight

If I would cry myself to sleep
Would I wake up in a bed of tears with you
Or would you let me drown in my own mistakes

If I leave a note to say I'm sorry
Will that be enough to make you love me
If I tried my best to make you happy
Will you do your best to listen to me
(Hey hey) I'm sorry

If I could just take back what I've done
And tell you I hate the man that I've become
Would you make me a promise
To never let me do this to you again

If I had my way right now
I'd be alone with you right next to me
Speaking softly, telling me that you love me

Since the day I saw your face
I knew you were the one for me
And now you're gone and I'm still here
Waiting for you my dear

If I leave a note to say I'm sorry
Will that be enough to make you love me
If I tried my best to make you happy
Will you do your best to listen to me
(Hey hey)

I'm sorry for the way I ran out on you
I'd apologize but you don't want me to
I don't even mind if you're not listening
I want the world to know I'd give up anything for you(for
you)

If I leave a note to say I'm sorry

Will that be enough to make you love me
If I tried my best to make you happy
Will you do your best to listen to me
(Hey hey)

If I leave a note to say I'm sorry
Will that be enough to make you love me
If I tried my best to make you happy
Will you do your best to listen to me
