She walks in the room
Misguided by her comfort and
Watch she lures the guy with her
As she follows them
With a blank stare
Oh my god
She's done it again

She turns around again
As if she didn't know I'd be there
And there she stop and stares
"how are you"
She asked me with a smile
Knowing what my answer is
Without even opening my mouth

Hold on for me
don't leave anything behind
I'll be right here
To watch this die
Can I ask
Do you listen tonight
I will write
I feel wrong by yourside
Tonight
You took my breath away
And now it's time to breathe

Take a look again
I'm not what I used to be inside
The old me just died
Say goodbye
Cause you will never see
A weaker human being
That what I used to be

Hold on for me
don't leave anything behind
I'll be right here
To watch this die
Can I ask
Do you listen tonight

I will write
I feel wrong by yours
Tonight you took my breath away

And now it's time to breathe in
The oxygen I'm giving
I lose sight of everything in my eyes
And said things that I'm really thinking
Tonight tonight~
You look beautiful tonight
Take a good look in my eyes
Do you feel the same as I do about you

Hold on for me
don't leave anything behind
I'll be right here
To watch this die
Can I ask
Do you listen tonight
I will write
I feel wrong by yours
Tonight you took my breath away

And now it's time to breathe in
The oxygen I'm giving
I lose sight of everything in my eyes
And said things that I'm really thinking
Tonight
