Sitting by the phone  
Waiting for the call  
I don't want to know  
How it got this far,  
Part of me believes,  
This is all your fault,  
The other part of me,  
Thinks to work it out,  
How do I go back,  
To the life I knew,  
How can I relax,  
When I think of you,  
I don't want to know,  
What's been on your mind,  
If it was up to me,  
Things would be alright.  
Finally a clue,  
To get back to you  
Everyone I knew  
Seemed to make it through

Changing, one in a million  
I'm chasing a dream I believe in  
I'm facing the agony hits me and I wanna know

Where did you go  
When you said I don't know  
If I can believe in anyone anymore  
It's hard to let go  
When all you have left is an empty house,  
And dreams of what we had.

Calm as I could be,  
Left with memories,  
The saddest part of all,  
Is you fell asleep,  
Lying in my arms,  
Never did a thing,  
The only one I knew,  
That fit right in,  
Can you take me back,  
To the day we met,

Fix the problems first,  
Before anything,  
Everyone I told seemed to side with me,  
Not sure what it is,  
But believe me I'm.

Changing, one in a million,  
I'm chasing a dream I believe in and,  
I'm facing the agony hits me and I want to know,

Where did you go,  
When you said I don't know,  
If I could believe in anyone anymore,  
It's hard to let go,  
When all you have left is an empty house,  
And dreams of what we had.

I know I know it's for the best,  
But I still feel like you haven't left,  
My side tonight,  
But It's alright, I'll fall asleep,  
With you on my mind,  
With you on my mind.

Where did you go,  
When you said I don't know,  
If I could believe in anyone anymore,  
It's hard to let go,  
When all you have left is an empty house,  
And dreams of what we had. (x2)

I know I know it's for the best,  
But I still feel like you haven't left,  
My side tonight,  
But It's alright, I'll fall asleep,  
With you on my mind,
