Fell in love with a boy from the city

I fell in love with a girl from the city  
Still got cauliflower ears from when her voice first  
Hit me  
And a swollen lip, from when her lyrics first kissed me  
And when I went to pull back ever so gently bit me

Within those three days it gets no better  
We were inseparable; no-one could seper-  
-rate us make us question our status  
It was like someone, somehow found a way to  
syncopate  
Us

And it'll stay that way forever, in my mind that is  
Coz it was a stolen three days and a stolen kiss  
And although those three days I sorely miss  
I own those three days when I write like this

I fell in love with a girl from the city

You're all I want and all I need  
You are the one for me  
You hold me close, you hold me near  
You are the one for me  
The pain I feel when you leave  
You are the one for me  
You're all I want and all I see  
You are the one for me

Fell in love with a boy from the city

I fell in love with a girl from the city  
Still got cauliflower ears from when her voice first  
Hit me  
And a swollen lip, from when her lyrics first kissed me  
And when I went to pull back ever so gently bit me

I still hear her sometimes but it's not the same  
Like when you get a pen and paper and write your  
name

Over and over and over again  
Although it hasn't, in the end it somehow seems to  
Change

But I feel right now I must stress  
That I write this with a smile on my face and nothing  
Less  
Coz when I think about the time we waste on regrets  
I realise for those three days I was blessed

I fell in love with a girl from the city
