I hope that ..be friend  
I've told your girlfriend  
I stood you up again  
Guess what I'm still hot.  
I ..your last cigarette  
I left your car in the bed  
I maybe be drunk so what  
I'm still hot.

I'm crazy I'm a fool ..  
I never check never call  
I ..by the shiny disco ball  
I'll always remember your name  
The next day but tonight I'll rock your  
World like a Dj (I'm still hot).

Guess what I'm still hot.  
Guess what I'm still hot.  
(hot hot hot)  
Guess what I'm still hot.

Sky ..I'll make you pop  
I'm hit in Jack ..  
â€¦crackin'  
I'll make a bog rock  
Harder than hard  
Flashin' the cash in the car  
This is a rock star  
And guess what I'm still hot.

I always come up on top  
I keep it on going don't drop  
I like my â€¦

I'll always remember your name  
The next day but tonight I'll rock your  
World like a Dj (I'm still hot).

I don't ned your glamour  
I don't need your glamour  
I can do whatever  
Guess what I'm still hot.

I don't need you ..  
I am Luciana  
I can do whatever  
Guess what I'm still hot.

Guess what I'm still hot.  
Guess what I'm still hot.

I'm hot still hot  
Oh hot still hot

Flipping in reverse  
Make the beat beat ..  
Spinnin' like a hot truck  
Ready to go  
Spinnin what I am of control  
Runnin out the spot like in stereo

I'll always remember you name the next day  
But tonight I'll rock your world like a Dj.

I'm still hot.

Guess what I'm still hot.

Guess what I'm still hot.  
I feel hot I'm feel hot  
I'm still hot  
I'm still hot.
