Take her to heart, she'll always love you
And nobody make her do wrong
Take her for granted, leavin' love unshown
Makes willpower weak, temptation strong

A woman's only human
You should understand
She's not just a plaything
She's flesh and blood just like her man

If you want a do right all days woman
You gotta be a do right all nights man, yeah yeah

They say that it's a man's world
But honey, you can't prove that by me
And as long as we're together, baby
Show some respect for me

If you want a do right all days woman
You gotta be a do right all nights man

Woman's only human
This you should understand
She's not just a plaything
She's flesh and blood just like her man

If you want a do right all days woman
You gotta be a do right all nights man
You gotta be a do right all nights man
