Where's Teddy  
You should be by your friend  
Where are you now  
Are you sitting down  
Where's Teddy  
You should be by your friends  
If if's and but's were candy and nuts  
You'd be here for one more year  
Why can't I tie a tie anymore  
What's gone wrong  
My hands were stuck for so long to the steering wheel  
You can't do what  
Without the what  
You don't think  
Just react  
Why can't I answer the phone anymore  
What's gone wrong  
My hands were stuck for so long to the steering wheel  
Seven out of ten  
Eight out of ten  
Nine out of ten  
Good shot  
Here's your 50 cents  
Good luck
